PHOTOGRAPHERS

To whom it may concern:

Please consider this letter as our copyright release issued to the bearer. The bearer has our permission to use the digital negatives contained on the disk marked as Dee Akright Photographers. For future reference, any time a client has one of our disks containing digital photos, it means the client has purchased those digital photos, and therefore has unlimited and non-expiring copyrights to print them.

Copyright laws pertain to incidences when an individual asks you to scan a professional photographic print, and then produce additional copies from that scan. Copyright laws do not pertain to original digital photos on a CD/DVD that the client has purchased from the photographer. By purchasing the digital files, they are also purchasing the copyrights to them.

If you have any questions, please do not hesitate to contact us at the numbers below. We thank you for your efforts in upholding copyright laws and allowing us to make a living.

Sincerely,

Dee Akright
